Recharge.com joins Euronext’s 2020-2021 TechShare cohort

Another chapter of Recharge.com in the making has begun. We are proud and excited to join the new 2020-2021 cohort of TechShare!

A pre-IPO educational training programme from Euronext that helps fast-growing businesses like ours to familiarise themselves with capital markets.

So the awesome adventure continues. Techshare participation will definitely support us to better prepare for the next phase of our company.

By growing ourselves, we grow Recharge.com.
